

**Join our Insiders Club and receive curated wines from artisan producers every month. Additionally, as a club member you will receive:**

- **10% discount on all wine, merchandise, and bar purchases – at the shop or online**
- **25% discount on wine flights**
- **Guaranteed lowest wine prices in OC**

We offer three club membership levels supplying carefully selected wines every month at a price lower than even your 10% discount. The Experimenter features unique and high quality value wines. The Scientist expands the wine selection to include wines that are more limited and collectable. Mad Scientist gives you the four different wines of both clubs. Any member may specify red only.

Club wines are available on the first Friday of every month, we will send you an e-mail announcement when the wines are released and ready for pick up. Your credit card will be charged at the beginning of each month and your membership will continue until you advise us to terminate.

Memberships may be given as a gift for any number of months. If you do not pick up for 3 months in a row, we may automatically ship to your address on file and charge additional shipping fee.
